

## New from Old

Many buildings in Dawley have changed or gone altogether and some have been replaced with newer buildings. Dawley Castle for example.

Chose a building you think is interesting in your local area and imagine what you would use it for if it was yours.

- How would you change it on the outside?
- How would you change it on the inside?
- Would you knock any of it down?
- Would you add a new part to it?
- What materials would you use?
- What would it be used for?
- Who would use it?
- Do you think other people will be pleased with what you do to it?
- Sketch your building as it is now and after you have changed it.
