

Springwell Pit Disaster 1872

Who owned the Springwell Pit?

What raw material was taken out of the ground at the Springwell Pit?

What happened to cause the disaster?

How many people died?

How old was the youngest person who died?

Imagine you were a newspaper reporter in those days.

- who you would want to interview?
- What questions would you want to ask them?
- What would be the headline for your story?
